Letter No.922/1-24, dated the 17th March, 1931, from Inspector of Schools, Coorg and Bangalore.

The Inspector of Schools recommends the payment of a grant of Rs. 831/- or one half of the actual cost, whichev is less, to the Goodwill Girls' High School towards the construction of new latrines and rebuilding the boundary wall. He says that he has permitted the Correspondent of the School to begin the work in anticipation of sanction and that the work has been done under the Executive Enginee direction. He also says that he has reserved the necessary funds for payment of the grant in the current year.

If approved, a grant of Rs. 831/- or one half of the actual cost, whichever is less, may be sanctioned.

Draft submitted.

(2)

Is it not very unusual to sanction a grant without any reference to us? Is this any precedent for such action?

21

(3)

According to rule 42 of the Grant-in-Aid Code, new buildings, extensions or alterations must not have been commenced before the sanctioning of the grant without the special permission of the sanctioning authority. The sanctioning authority in this case is the Resident. But in view

view of the urgency of the work, the Inspector has anticipated the Resident's sanction and has permitted th school authorities to begin the work. For precedent, please see S N 1 & 2 371/29.

Letters No.352/2-24, dated the 5th February 1932, and No.368/2-24, dated the 6th February 1932, from the Inspector of Schools, Coorg and Bangalore.

The Inspector recommends the payment of a half-grant of Rs. 725 to Goodwill Girls' High School, Bangalore, towards the purchase of certain furniture and apparatus required for the school. He says that the Correspondent of the School has purchased certain of the articles already and that this contravenes rule 48(iv) of the Grant-in-Aid Code under which grants should not be given for articles regarding which the Inspector has not been consulted and for which aid has not been promised previously to purchase or manufacture. He recommends that the school may be exempted from the operation of this rule in this particular instance.

Submitted with a draft for orders.

P.V. Krishnaswamy
10.2.32

Sec. (1)

many similar cases have arisen in the last 12 months

Contravention of Rule 48(iv) of the Grant-in-Aid Code took place only in the following two cases within the last 12 months:-

(1) This case.

(2) Srimathi Kamalabai Girls' High School for which a furniture grant was recently sanctioned.

Submitted for orders whether the grant may be sanctioned. If so, the draft already put up may issue?

(16)

In view of the fact that Edmonds' letter of February 6th appeared to be ambiguous I made further enquiries from him and elicitated the following:

It appears that the Goodwill Girls' High School put in its application for a furniture grant as usual early in the financial year. The economy campaign suggested that we might have to reduce our expenditure by 25%. All schools were told this in August and they therefore understood that there was little if any chance of building or furniture grants.

The Goodwill Girls' High School therefore decided to buy furniture which was urgently required and to pay for it entirely themselves not expecting the Government grant. At the end of October Edmonds was informed that the 25% cut was not to be effected. He therefore forwarded the Goodwill Girls' High School's application for a grant to this office without saying anything to them. His act in doing so possibly amounted to consultation as required by section 48(iv) of the Grant-in-Aid Code, Edmonds having considered that the proposal was reasonable when it was found that funds were finally available.

The School is in no way to blame, as in spending money on furniture they did so fully alive to the fact that they would get no help from Government. Sanction of this amount will therefore come to them as a pleasant surprise.

If in his letter of February 6th the Inspector has added after the words "urgent requirements in line 8 of paragraph 2, "with every intention of meeting the whole bill themselves and without any hope of Government aid" there would have been no ambiguity and no trouble to this office.

The above facts were explained to the Resident on March 5th and he agrees that the School is not to blame and sanctions the expenditure. Office will therefore please take immediate action on this.

A copy of the above note is to go to the Inspector of Schools with the request that he will in future be more careful in laying facts clearly before the Resident thereby saving considerable labour and trouble to every body concerned in the Residency Office.

S N 6 & 7

Issued Nos. 1768 and 1769, dated the 9th March 1932.

S N 10

Letter No.3437/1-24, dated the 19th November 1932, from the Inspector of Schools, Coorg and Bangalore.

The Correspondent, Goodwill Girls' High School, asks for permission to proceed with certain extensions to the school buildings under Rule 44(i) of the Grant-in-Aid Code and for a definite assurance that the building grant applied for will be paid during 1933-34. The Inspector strongly recommends that the permission asked for may be granted if ~~such~~ an assurance as to payment of grant during the next year can be given.

A sum of Rs. 21,590 has been proposed under Part II-B -Fresh Charges in the budget estimates for 1933-34 for payment as building grant to Goddwill Girls' High School. In August 1932, a strong representation was made by the Resident to the Govt. of India on the subject of this grant. No official reply to it has yet been received.

The Residency has done ~~its part of the work in~~ all it can by proposing the amount in the budget estimates and by making a special representation. It is doubtful whether this is sufficient to enable us to give an assurance to the school that the grant will be paid during 1933-34. If the Govt. of India bring forward some new argument to turn down the provision, our position with regard to the school will be awkward and the amount involved is not a small one.

Submitted for orders whether the Inspector may be informed that a sum of Rs. 21,590 has been proposed under Part II-B-Fresh Charges in the next year's budget estimates on account of building grant to Goodwill Girls' High School and that, till we know definitely that the Govt. of India have accepted the provision, it is not possible to give the assurance asked for.

31

I am very pleased to be present today and to have the opportunity of meeting the teachers and pupils of this school; and I thank you most sincerely for inviting my wife and me to attend this important function.

Today is not merely the occasion of another Annual Prize Distribution; but it marks a most important event in the long history of your school,- the opening of these fine new buildings I have read with very great interest the story of your school from its early days. It is a record of steady expansion, of devoted work, and of increasing usefulness to women's education in Bangalore. It is impossible to over-estimate the value

of

of the services rendered by missionary bodies to the cause of education in India. Poverty, indifference, social customs, all these have been obstacles in the path of educational progress, and if the wheels are now beginning to revolve, it is (very largely) due to the pioneer work of missionary bodies, who have striven to break down these obstacles by bringing social enlightenment to the people.

Custom and convention have barred the way to progress particularly in the matter of the education of girls. It is earnestly to be hoped, in the interests of India, that female education, which has for so

long

long lagged behind the education of boys, will make rapid strides in the near future. The importance of the education of girls and women in India at the present moment cannot be overrated. It has been truly said that "the education of the girl is the education of the mother and through her, of her children".

It is, therefore, a matter for gratification that all over India there are indications that the difficulties arising from apathy and the persistence of social customs are tending to disappear, and that education of girls is at last taking its proper place in the building of a finer and greater India.

The

The Goodwill Girls' High School is playing its part well in this most valuable work. Your school is deservedly popular with parents; for the students bear the stamp of a training whose aim is to produce noble and useful women. I was pleased to read that one of your girls has renently been trained as a Physical Training Mistress. She has done very well in her course and now has returned to your staff to do, I am sure, some most useful work in a direction which is so largely ignored in many Indian Girls' Schools. Miss Sisterson has very wisely pointed out in her Report that games and properly directed exercises will

will result in a healthy school, and that bodily hea.th is the best foundation for efficient mental activity.

Many of your former pupils have entered the public services, especially the medical and teaching professions. I have read in your school history how, from very early days, your school was a training ground for teachers; and it is not the least of the services that you have rendered to Bangalore, that so many of your former pupils are now teachers in other schools of the Station, passing on in their turn the benefits of the wholesome training that they received in this school.

These

These new buildings of yours are a worthy addition to your school. Your Principal has always placed the highest importance upon the development in this school of a true 'home' atmosphere. The selection of the teachers has been given the most careful consideration, and it has been the wish of the school authorities to have a staff of mistresses resident in the school, so that they may become incorporated more truly in the life of the school, and that each may play her part in disseminating that Christian influence upon character which it is the fundamental aim of the school to impart. The buildings which have been opened today have enabled this wish to be fulfilled. They will

accommodate

accommodate the whole of the resident staff in quarters which are well designed for t eir purpose. The new class rooms, reading rooms, and laboratory will enable the pupils of this school to carry on their studies under the most favourable conditions; and the attention to hygienic principles evident everywhere cannot fail to impress itself upon the girls, and to influence the condition of their own homes.

Before closing it is proper that I should pay a tribute to the work of Miss Sisterson in this school. Miss Sisterson came to Bangalore nearly 30 years ago. For over a quarter of a century she has worked without

ostentation,

ostentation, but with splendid devotion and with an enthusiasm that has in no way diminished with the passing of the years, to make this school the valuable institution that it is today. Her work is, I am sure, a source of inspiration for both teachers and scholars of the school.

It is through education that Indian women will be able to contribute in increasing measure to the culture, ideals and activities of India; and in the education of the women of Bangalore, the Goodwill Girls' High School is playing no mean part.

I shall watch the progress of this school with very great interest

and

and I wish you all the success that you deserve.

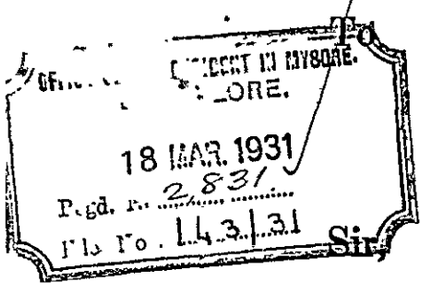
All communications to be addressed to the official address and not by name.

Dated the 17 March, 19 31

From

F.F.C. Edmonds, Esq., M.A., B.Sc.,

Inspector of Schools, Coorg & Bangalore.



To

The Secretary to the Hon'ble the Resident

in Mysore, Bangalore.

Sir,

I have the honour to enclose herewith an application from the Correspondent, Goodwill Girls' High School Bangalore, for a grant towards the construction of new latrines and rebuilding the boundary wall between the school compound and Haines Road.

Rly D

2. The reasons for the construction are given on page 5 of the application. I visited the school and after convincing myself that the work was urgent and necessary, permitted the Correspondent to begin the work in anticipation of sanction, as I anticipated some delay in getting the plan and estimate scrutinised by the Executive Engineer and then obtaining sanction for the grant. The work has been done under the Executive Engineer's direction. I have also reserved the necessary funds for payment of the grant.

3. In these circumstances, I request you to be good enough to obtain the Hon'ble the Resident's sanction to the payment of a sum of Rs. 831/- or one half of the actual cost, whichever is less, towards the construction. The Correspondent is prepared to execute the necessary Deed of Acceptance under rule 44 (ii) of the grant-in-aid Code for Indian Schools.

H

4. The expenditure will be debited to "Account II -

Education-B.Secondary- Grants-in-aid to non-Government Secondary schools-Building and furniture grants" in the current year's budget.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg and Bangalore.

Edl. B-21—866—22-3-29.

APPENDIX M.

CHAPTER VIII, RULE 53.

Application for aid towards the cost of dismantling old and building new latrines for the School Goodwill Girls' High School at ~~College~~ Bangalore. ~~in the District of~~ and of rebuilding the boundary wall between the school compound and Haines Road.

Number and date of the Proceedings or memorandum recognizing school under the Madras Educational Rules.

Dis. No. 7042 - dated 14.11.1918.

Brief history of the institution from the date of its establishment to the date of application tracing its growth and development and furnishing among other things an accurate account of its financial condition.

A full history of the institution was submitted in the application for building grant-aent in April 1930.

The strength of the different classes or forms as stood on the 31st March of every year for five years preceding the year in which the application is submitted.

	1926	1927	1928	1929	1930	Number of pupils each class on the date of application.	Number of pupils that can be accommodated in each class room.

NOTE.—If there be any striking variations in the strength as shown above such variations should be accounted for.

Character of and necessity for the proposed work in details.

The school sanitary system is of the old fashioned type and very inadequate for the large number of resident pupils and teachers; as well as about 350 day scholars. Unfiltered water from Alam Bank is already available on the compound, & the Health Officer strongly recommends the installation of a more modern system of sanitation.

During recent heavy rains a large section of the boundary wall between the school compound and Haines Road collapsed. This wall was a very old one, having been built before the compound was acquired for the school. It was necessary to rebuild at once as it was impossible to have the school compound open to a main road. The small porch in front of the hall door was also condemned as dangerous & had to be taken down. We wish to rebuild this.

(i) Is a sketch plan of the proposed site and building attached ?

Plans have already been sent.

(ii) Does it show—

(*a*) The relation of the proposed building or extension to the existing buildings ?

(*b*) Any alteration in existing buildings necessitated by it ?

(*c*) The purpose to which the existing buildings are now put ?

(*d*) The purpose to which they will be put when the new building or extension is complete ?

NOTE.—Any notes that cannot be conveniently inserted in the plan may be given under each of the above headings.

7

(a) Probable cost of the proposed work. ~~Latrines Rs 1,700 Wall & Porch Rs 600~~ about Rs 1662-9-0

(b) Whether the management has the necessary funds to complete the work in the event of the application being favourably considered.

Yes.

Bangalore

D.O.No. 2768

THE MYSORE RESIDENCY,
Bangalore,

Dated, the 15th April 1934.

Dear Miss Roper,

I am desired to acknowledge the receipt of your letter dated the 21st March 1934, requesting the Hon'ble the Resident to open the new buildings of your school. In reply I am to say that Colonel Plowden will be very pleased to open the buildings and Mrs. Plowden to give away the prizes. If the ceremony could be fixed to take place on Saturday the 30th June, it would suit Colonel Plowden very well. I am to request that a short history of the school and an advance copy of any speech that may be made on the occasion may be sent in due course.

Miss R.E. Roper,
Correspondent,
Goodwill Girls' High School.

ASB/11.4

2292 Draft.

From
The Secy. to the Resident.

To
The Inspector of Schools,
Coorg and Bangalore.

Building grant to the Goodwill Girls' High School, Bangalore.

Sir,

With reference to your letter No. 922/1-24, dated the 17th March, 1931, I am directed to convey the sanction of the Hon'ble the Resident, under rules 41 and 45 of the Grant-in-Aid Code for Indian Schools in the Civil and Military Station of Bangalore, to the payment of a grant of Rs. 831/- (rupees eight hundred and thirty one only) or one half of the actual cost, whichever is less, to the Goodwill Girls' High School, Bangalore, towards the construction of new latrines and rebuilding the boundary wall between the school compound and Haines Road.

2. The charge should be met from the allotment in the current year's Assigned Tract budget estimates under the head "Account II-Education-B.Grants-in-Aid to non-Government Secondary Schools-Building and furniture grant to Secondary Schools".

I have etc.,

Secy. to the Resident.

Copy forwarded to:-
The Pay and Accounts Officer, Bangalore.
The Audit Officer, Experiments.

P.V. Krishnaswamy
20.3.31.

3

Office of The Inspector of Schools,
Coorg and Bangalore, Bangalore,

No. 1094/1-24

Dated 30.3.31.

Official Memorandum.

N.2 (5) Read:- 2292/143-31, dated 28.3.31 from the Secretary to the Hon'ble the Resident in Mysore sanctioning a half grant of Rs. 831/- towards the construction of new latrines and construction of re-building the boundary wall for the Goodwill Girls' High school, Bangalore.

Also:-

The Executive Engineer's Certificate stating that the work has been completed satisfactorily.

Under rules 41 and 45 of Grant-in-aid Code for Indian Schools in the Civil and Military station of Bangalore, the Inspector of Schools sanctions and authorises payment of a sum of Rs. 831/- (Rupees eight hundred and thirty one only) towards the cost of construction of new latrines and rebuilding of boundary wall of Goodwill Girls' High school, Bangalore, the actual cost, according to vouchers produced being Rs. 1662-9-0.

2. The grant is debitable to the head "31.Education-B.Secondary-Direct grants to non-Government Secondary schools-Building grants" in the current year's Assigned Tract budget.

3. The bill is returned herewith duly countersigned.

4. The grant should be drawn before the 31st instant without fail.

5. As there is no time to have a deed of acceptance executed before the grant is paid, the grant has been authorised for payment on the assurance of the Correspondent that the deed will be executed by the 1st April 1931.

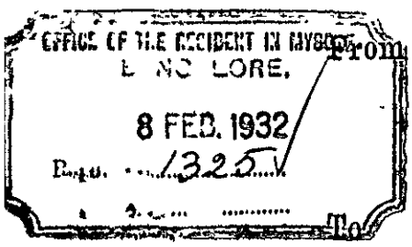
Dated 6 - 2 — 1932.



From

F.F.C. Edmonds Esq., M.A., B.Sc.,
Inspector of Schools, Coorg & Bangalore.

To

The Secretary to the Hon'ble the Resident
in Mysore, Bangalore.

Sir,

S.N.4 Pt.C.I

In continuation of this office No.352/2-24, dated 5.2.1932, recommending a ½ grant not exceeding Rs. 725/- on behalf of the Goodwill Girls' High School, Bangalore, I have the honour to state that I understand that the Correspondent has purchased certain of the articles in question. This is in contravention of article 48 (iv) of the Grant-in-Aid Code.

S.N.137/A (E)

2. In this office No.3056/21-24, dated 25.8.1931, I proposed to surrender a large part of the allotment under "Building and Furniture grants" in response to the proposals called for by the Government of India for a 25% cut and at the same time circularised the schools that there would probably be no Building and Furniture grants available for distribution during the current year. Some of the schools naturally proceeded to purchase their immediate and urgent requirements. In your No.7774/379-31, dated 28.10.1931, I was informed that the proposed surrender of funds referred to above had not been given effect to. I therefore proceeded with my proposals for sanction of certain Grant-in-Aid. The Furniture grants have had to wait until the larger building grants were sanctioned. I have therefore not been able to put up the various application for grants for the purchase of furniture &c until this month.

S.N.27 379/31 (F)

3. In these circumstances I recommend that the Hon'ble

the Resident may be pleased to exempt the Goodwill Girls' High School, Bangalore, from the operation of the above Rule in this particular instance.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

Coorg & Bangalore.

All communications should be addressed to the Secretary to the Resident in Mysore, Bangalore, by designation and not by name.

No. 1768 DATED BANGALORE, 9th March 1932

To

The Inspector of Schools,
Coorg and Bangalore.

S.M.4 Reference ~~his~~ your ~~letter~~ memo. No. 352/2-24, dated the 5th February 1932.

Subject.

Grant towards the purchase of certain furniture and apparatus required for the Goodwill Girls' High School, Bangalore.

Mag C.

Under Rule 48 of the Grant-in-Aid Code for Indian Schools in the C and M Station of Bangalore, the Hon'ble the Resident is pleased to sanction the payment of a grant not exceeding Rs. 725/-(rupees seven hundred and twenty five only)or one-half of the actual cost, whichever is less, to the Goodwill Girls'High School, Bangalore, towards the purchase of four rattanned cots, two double lockers, thirty two dual desks, two laboratory stools, science apparatus and kindergarten apparatus required for the school.

2. The charge should be met from the allotment in the current year's Assigned Tract budget estimates under the head "Account II-Education-B.Grants-in-Aid to Non-Government Secondary Schools-Building and furniture grant to Secondary schools".

Mag C

3. The School is exempted from the operation of Rule 48 (iv) of the Code in this case.

Secy. to the Resident.

Copy forwarded to the Accountant-General, Madras, for information.

P.V. Krishnamurthy
10.2.32.

In view of the fact that Edmonds' letter of February 6th appeared to be ambiguous I made further enquiries from him and elicitated the following:

It appears that the Goodwill Girls' High School put in its application for a furniture grant as usual early in the financial year. The economy campaign suggested that we might have to reduce our expenditure by 25%. All schools were told this in August and they therefore understood that there was little if any chance of building or furniture grants.

The Goodwill Girls' High School therefore decided to buy furniture which was urgently required and to pay for it entirely themselves not expecting the Government grant. At the end of October Edmonds was informed that the 25% cut was not to be effected. He therefore forwarded the Goodwill Girl's High School's application for a grant to this office without saying anything to them. His act in doing so possibly amounted to consultation as required by section 48(iv) of the Grant-in-Aid Code, Edmonds having considered that the proposal was reasonable when it was found that funds were finally available.

The School is in no way to blame, as in spending money on furniture they did so fully alive to the fact that they would get no help from Government. Sanction of this amount will therefore come to them as a pleasant surprise.

If in his letter of February 6th the Inspector has added after the words "urgent requirements" in line 8 of paragraph 2, "with every intention of meeting the whole bill themselves and without any hope of Government aid" there would have been no ambiguity and no trouble to this office.

The

The above facts were explained to the Resident on March 5th, and he agrees that the School is not to blame and sanctions the expenditure. Office will therefore please take immediate action on this.

A copy of the above note is to go to the Inspector of Schools with the request that he will in future be more careful in laying facts clearly before the Resident thereby saving considerable labour and trouble to everybody concerned in the Residency Office.

Sir,

Recd 22-11
Issued 22-11

In forwarding a copy of a letter dated 8.11.1932, from the Correspondent of the Goodwill Girls' High School, Bangalore, asking for permission to proceed with certain extensions to the school buildings grants for which have been applied for, I have the honour to state that such permission is necessary under article 44(i) of the Grant-in-Aid Code for Indian Schools. I understand, however, from the Correspondent that she cannot avail herself of such permission unless there is a definite assurance that the grant applied for will be paid during the coming year. If such an assurance can be given, I strongly recommend that the permission applied for be granted and fully endorse the cogent reasons put forward by the Correspondent in support of her application.

I have the honour to be,
Sir,
Your most obedient servant,

F.F.C. Edmonds

Inspector of Schools,
Coorg & Bangalore.

10/K

Letter dated 8.11.1932, from the Correspondent, Goodwill Girls' High School, Bangalore, to the Hon'ble the Resident in Mysore, Bangalore., through the Inspector of Schools, Coorg & Bangalore.

I have the honour to bring before you a very earnest request in the matter of the application for building grant for very necessary school extensions, twice held over for lack of funds. When you did us the honour of a personal visit I had some hope that, although no money would be available this year, it might be possible to give us the assurance that there would be no prejudice against our receiving the grant later, if we were to start building using the money sanctioned for the purpose by the Committee of the responsible Missionary Society in England. Unless we are able to start building very soon it will mean that still another school year must begin under the great handicap of extreme congestion. While building operations are actually in progress the conditions will be still more difficult, so we are anxious to make full use of the approaching holidays, and of next hot weather holidays, in the hope that the beginning of the next school year may find us at least a little better equipped.

Is it possible for you to give us this assurance soon? Another point that weighs with us is that work is to be begun on the building of the new house for the Principals almost immediately and it will be helpful and profitable in several ways if the various works can go on simultaneously. It will shorten the time of confusion and disturbance of the work of the school.

Dear Sir,

The letter which came through the Inspector of Schools, from your Office, yesterday, authorising us to begin work at once on our school extension scheme, has been received with great joy & great satisfaction. I want to express to you on our, most sincere gratitude for all the interest and trouble you have taken to get this privilege for us. I know that without the personal care & interest you have taken in the matter we should have continued to wait for a very long time yet. Work will be put in hand immediately, and we shall hope to have the honour of showing you the completed scheme, which we feel will be a very well

OFFICE OF THE RESIDENT IN MYSORE, BANGALORE. 26 SEPT. 1933 Regd. No. 8332 File No.

Sir,

I have the honour to forward herewith two applications received from the Correspondent, Goodwill Girls' High School, Bangalore, one for a grant for the purchase of furniture and the other for a grant for the purchase of Science apparatus. This equipment is needed to furnish the additional rooms, dormitory and new laboratory which are at present being built in accordance with the sanction conveyed in your No.330/143-1931, dated 14-1-33. The total cost of furniture proposed to be purchased amounts to Rs.2072/- and that of Science apparatus amounts to Rs.2028/-. Under Article 50 of the Grant-in-Aid Code for Indian Schools, I recommend that a sum of Rs.1036/- or half of the actual cost whichever is less be sanctioned towards the purchase of furniture, and under the same Article, I recommend that a sum of Rs.1352/- or 2/3rd of the actual cost, whichever is less, be sanctioned towards the purchase of the Science apparatus.

2. The expenditure will be debited to the head "Account-II-Education-B-Grant-in-Aid to Non-Government Secondary Schools-Building and Furniture grant to Secondary Schools" in the current year's
